

IN THE SPECIFICATION

Please amend the Specification at paragraph [0033] with the following paragraph:

In another embodiment, the organic polymers are block copolyestercarbonates, which comprise carbonate and arylate blocks. They include polymers comprising structural units of the formula (XIV)

wherein each  $\text{R}^1$  is independently halogen or  $\text{C}_{1-12}$  alkyl,  $m$  is at least 1,  $p$  is about 0 to about 3, each  $\text{R}^2$  is independently a divalent organic radical, and  $n$  is at least about 4. Preferably  $n$  is at least about 10, more preferably at least about 20 and most preferably about 30 to about 150. Preferably  $m$  is at least about 3, more preferably at least about 10 and most preferably about 20 to about 200. In an exemplary embodiment  $m$  is present in an amount of about 20 and 50.
